# Rebecca "Bec" Archer

Visual content creator with 20+ years of graphic design experience and hands-on expertise in photography, videography, and digital media production. Active Gulf coast offshore angler with experience filming on-water and underwater content. Skilled in Adobe Creative Suite, web design, and building engaging visual materials that connect with target audiences. Seeking to combine professional content creation skills with firsthand fishing knowledge to produce authentic, high-quality social media content for Return 'Em Right.
